Certificate of Registration

JAX INC. has achieved Registration status for JAX ELECTRICAL CONTACT CLEANER Non-Flammable Formula (AEROSOL) to the NSF International Registration Guidelines for Proprietary Substances and Nonfood Compounds (2022) .

JAX ELECTRICAL CONTACT CLEANER Non-Flammable Formula (AEROSOL)

Category Code: K6

NSF Registration No. 133892

This product is acceptable for use as an electronic cleaner with incidental food contact (K6) for use in and around food processing areas. Such compounds may be used to remove dirt, moisture, dust, flux, or oxides from the internal components of electronic or precision equipment. The amount used should be the minimum required to accomplish the desired technical effect on the equipment. Use must also be consistent with the manufacturer''s directions and warnings to leave the surface effectively free of any substance which could be transferred to food being processed. The NSF Nonfood Compounds Registration Program is a continuation of the USDA product approval and listing program, which is based on meeting regulatory requirements including FDA 21 CFR for appropriate use, ingredient and labeling review.

Registration of this product is current when the NSF Registration Mark and Category Code appear on the product label reviewed by NSF, and the Registered product name is in the NSF White Book™ (www.nsfwhitebook.org).

Listing of all registered nonfood compounds by NSF International is not an endorsement of those compounds or of any performance or efficacy claims made by the manufacturer.

JAX INC.
